ACHIEVEMENTS

Entrepreneurship

Student to Startup II Finalist
Samsung App Contest 2018 Finalist
JU Innovation Award 2024
RunnersUp

Hackathon

National Hackathon on Frontier
Technologies 2020 Runners Up
NDUB Hackathon 2017 Champion
IUT ICT FEST Hackathon 2018
Finalist

ACM ICPC and NCPD

ACM ICPC Dhaka Regional 2016
Onsite
NCPD CUET 2017 Finalist
DIU APP Contest 2017 RunnersUp

Bracathon

Bracathon III RunersUp
Bracathon II Finalist

I am an entrepreneur specializing in AI systems development for Android, web, and iOS. With strong project management skills, I lead teams to deliver high-quality solutions. My passion for AI fuels my research and contributions to innovative projects. My diverse expertise and commitment to excellence drive impactful solutions.

EDUCATIONAL BACKGROUND

BSc in Information and Communication Engineering

From January 2015 to December 2018
Bangladesh University of Professionals Dhaka, Bangladesh

Higher Secondary Certificate

From July 2012 to June 2014
New Govt. Degree College Rajshahi, Bangladesh

SKILLS

AI & ML

LLM, NLP, ML Algorithms, Model Designing, AI Product Design

Languages and Framework

Python, Flutter, Dart, Laravel, PHP, Java, MySQL, C++, C#, JavaScript

Software Development

Flutter, Android, Web, Embedded System, Machine Learning, AI Systems,
Software and Database Design

Project Management

Leadership, Communication, Collaboration, System Architecture, SDLC

WORK EXPERIENCE

Chief Executive Officer

Since February 2019 Skoder Technologies Dhaka, Bangladesh
Founded from the day zero and growing together. Skoder is the Tech partner for business and startup. At Skoder, we have been working with more than 50 global, local and Inhouse Enterprise Software projects.

Trainer - Oracle DBMS

From July 2022 to December 2022
OCEI - Office of the Chief Electricity Inspector Bangladesh Govt.

Visiting Lecturer

From August 2023 to February 2024
Ahsanullah University of Science and Technology Dhaka, Bangladesh
Conducted App Development with Flutter Course

SOCIAL NETWORKS

RESEARCH AND DEVELOPMENT

LeMate - AI based Multimodal Engagement Detection Platform

Eye Tracking, Facial Expression, Heart Rate (rppg), Mouse and Keyboard Activities and with several multimodal interaction data we have prepared a system with DiversAsia (Erusmas+ project), Jahangirnagar University, BD and Nottingham Trent University, UK

CampusMate

AI assistant for Students to guide students towards a better career and personalized education. We have developed our own LLM with foundation model Llama3, Streamlit and Langchain

AI ML Health

Worksafe: Towards Healthy Workplaces During COVID-19 With an Intelligent Phealth App for Industrial Settings

[- IEEE Access](#)

Computer Vision, AI-ML

Visual Speech Recognition: A Deep Learning and coordinate driven approach to recognize speech using lip movement through Artificial Intelligence over Image Processing

DEVELOPMENT AND PROJECTS

Campus365

Campus365 empowers Universities with Process Intelligence, intelligent assistant for students and API sales channel for Businesses

Care+

A complete healthcare solution for doctors, patients and hospitals. Care+ provides Telemedicine, ePrescriptions, Appointments Management, Bills and Payments and so on.

Kotha

First Bengali AI powered Voice Assistant smartphone app which consists of features to control smartphone with Bengali voice Command.

ConFest

A Bangladeshi Online Competition Platform where students can join and participate in various ongoing cocurricular contests to earn prizes.

MD ALI HAIDER

CHIEF TECHNOLOGY OFFICER

CONTACT

- +880 167 301 4341
- fahad.9924@gmail.com

EDUCATION

2015-2018

BANGLADESH UNIVERSITY OF PROFESSIONALS (BUP)

- BSc. in Information and Communication Engineering
CGPA 3.60/4.00

SKILLS

- Proficient in PHP, Laravel, Magento 2
- Experience with JavaScript, HTML, CSS
- Familiarity with relational databases such as MySQL
- Strong understanding of software development principles and methodologies
- Excellent problem-solving and analytical skills
- Effective communication and collaboration abilities
- Continuous learner with a passion for staying updated on industry trends and technologies

PROFILE

A skilled Full Stack Web Developer with nearly 6 years of experience specializing in PHP, Magento 2, and Laravel, seeking opportunities to contribute expertise to innovative projects and collaborate within dynamic teams.

WORK EXPERIENCE

Skoder Technologies

JAN 2024 - PRESENT

Chief Technology Officer

- Define the overall technology roadmap aligned with the startup's business goals.
- Oversee architecture design, software development, and product lifecycle management.

Accord Technologies Limited

JAN 2023 - DEC 2023

Senior Software Developer

- Leading the development of several modules of a homegrown Laravel-Vue based SaaS project (atlhr.com), contributing to its successful launch and ongoing enhancement.
- Communicated effectively with stakeholders to gather requirements, provide progress updates, and address concerns.

Trenza Softwares

2019 - 2022

Senior Software Developer

- Developed and maintained web applications using PHP Magento 2, Laravel.
- Collaborated with cross-functional teams to deliver high-quality, scalable solutions within project deadlines.
- Led the development of a homegrown Laravel-based SaaS project modules, contributing to its successful launch and ongoing enhancement.
- Implemented best practices in code quality, security, and performance optimization.
- Provided technical guidance and mentorship to junior developers, fostering skill development and team cohesion.

To take a challenging and managerial role in the field of Information Technology and implement the expertise and experience gained in this field to develop complex project with efficiency and quality.

📁 Work Experience

07/2023 – present
Dhaka, Bangladesh

Chief Intelligence Officer, Skoder Technologies
Developed and deployed deep learning models for image and speech recognition tasks.

📁 Professional Projects

05/2024 – present

CampusMate (Beta), Large Language Model (LLM)
An Early Prototype of an Artificial Intelligence Powered
Learner Chat Assistant System for University Students in Bangladesh

03/2023 – present

Engagement App, AI/ML
The system captures and analyzes computer interaction data, encompassing mouse, keyboard, or track-pad inputs. These interactions serve as crucial indicators to evaluate the level of engagement during classroom sessions. By monitoring students' computer activities, the system gains insights into their participation and attentiveness, forming a foundational component for the overall engagement detection framework based on the entropy of the distance travel of mouse cursor and keyboard pressing in a particular period

10/2021 – present

e-KYC, (Android Application, Oracle Apex, PL/SQL)
Digital Onboarding System through Mobile Application which is Complete integrated with Oracle Database. e-KYC is used to describe the digitalization and electronic and online conception of KYC processes and Supportable to Bank and NBFI's.

03/2021 – 12/2022

Transport Management System, (Oracle-12c, Oracle Apex, PL/SQL, JavaScript, API, ORDS)
Web Based Centralized Solution and Support all types of Organization which Complete system with Oracle database integration

🎓 Education

01/2016 – 01/2020
Dhaka, Bangladesh

Information and Communication Engineering,
Bangladesh University of Professionals (BUP) 
CGPA(2.98/4.00)

Conference Attendance

DiversAsia Project Meeting and Workshop, Nottingham Trent University, May 3-5, 2023 

- Attended as a delegate and presented research findings.
- Explored inclusive open practices for embracing diversity in Asia's technology sector.
- Engaged in networking with global professionals and gained insights into cutting-edge industry trends.

Certificates

- Red Hat Certified Specialist in Virtualization 
- Oracle Cloud Infrastructure 2023 Certified DevOps Professional 
- Oracle Cloud Infrastructure 2023 Certified Foundations Associate 
- Oracle APEX Cloud Developer Certified Professional 
- Red Hat Certified Engineer (RHCE) 
- Red Hat Certified System Administrator (RHCSA) 
- HTML, CSS, and Javascript for Web Developers 
- Python for Everybody

Experience

2022 - Running Startup Rajshahi Vice President

Startup Rajshahi is a community-based initiative in Rajshahi, Bangladesh, aimed at supporting, promoting, and connecting startups and entrepreneurs in the region. It serves as a hub where aspiring founders, innovators, and small business owners can learn, share ideas, and access opportunities to grow their ventures.

2021 - Running LabAR Chief Technology Officer

LabAR is a champion team from the **Student to Startup: Chapter-1** program conducted by the **ICT Division**, Bangladesh. They work in AR, VR, game development, and 3D modeling, creating custom AR filters for social media and exploring VR applications beyond gaming in healthcare, education, and manufacturing to enhance experiences and engage audiences.

2024 - Running PrintNow Chief Executive Officer

PrintNow! is a smart printing solution that makes self-service printing easy and efficient. It combines specialized printing machines with a cloud-based system that lets users scan a QR code, upload documents, and print without installing apps or logging in. It includes tools to manage multiple printers, track print counts, and run reports, helping print shop owners run operations with lower cost and higher throughput. The platform also supports dashboards, cashless payments, and franchise opportunities for expansion.

2020 - Running Innovation Design and Entrepreneurship Academy (iDEA) Program Coordinator

Innovation Design and Entrepreneurship Academy (iDEA) Project under the ICT Division of the Government of Bangladesh. It's a government initiative to support innovation and entrepreneurship by helping startups and young entrepreneurs with grants, training, mentorship, coworking space, networking events, and other resources. The site lets users apply for startup grants, SME support, and free co-working space, and shows funded startups and success stories.
